Education

CMR Institute of Technology **2020 - 2024**
Bachelor of Technology in Computer Science | CGPA : 8.13 *Hyderabad, Telangana*

Sri Chaitanya Junior College **2018–2020**
Intermediate in MPC Group | Percentage:84.5% *Hyderabad, Telangana*

St Mark's Progressive School **2017–2018**
High School in SSC board | CGPA :8.0 *Hyderabad, Telangana*

Experience

Edugene Technologies Pvt.Ltd **September 2022 – November 2022**
Machine Learning with Python Intern *Remote*

- Applied advanced logistic and linear regression algorithms on complex data sets, achieving a 40% improvement in predictive accuracy, optimizing forecasting and data-driven decision-making.
- Analyzed extensive datasets to identify key trends, leading to strategic business recommendations that enhanced operational efficiency by 20%.

Salesforce **February 2023 – April 2023**
Salesforce Developer Intern *Remote*

- Designed a Salesforce application using custom objects to model tailored data structures, automating workflows and reducing manual processes by 60%, significantly boosting operational efficiency .
- Implemented automation features that reduced task completion time by 30%, directly increasing user satisfaction rates.

Technical Skills

Programming Languages: Python, Java, SQL
Web Technologies: HTML, CSS
Frameworks: Bootstrap

Projects

DETECTING PHISHING WEBSITE | *Python, Machine Learning algorithms, SQL* **January 2022**

- Developed an advanced application achieving a 95% accuracy in detecting phishing URLs, enhancing online security.
- Utilized machine learning algorithms and cyber security practices to safeguard over 10,000 users from threats, reducing false positives by 15%.
- Integrated scalable data processing techniques, optimizing system performance and ensuring real-time threat analysis capabilities.

Certifications

- Artificial Intelligence and Machine Learning
- Google Data analytics
- Java Programming Fundamentals
- Python

Achievements

- Led a team of five to develop a campus navigation app, increasing campus engagement by 25%.
- Achieved a top 10% score in the Prepsat Jobathon, showcasing strong problem-solving skills.

Interests

- Sports
- Travelling
- Explore new technologies
- Continuous learning
